

Professor Blue

Fragile Remains

Swimming in vertigo
Reel in a wheel
Spiral descending
Crawl, make me kneel

Gripping the rock
Face to the ledge
Crawlers swarming
From my head

Too late
Day breaks
Dawn and we're through
Me, the monster, and you

Starlings in flight,
Murmuring cloud
Sweeps and darts
Watch from the ground

Numb, unconscious
helpless, endured
Left adrift
Stained and ignored

Dark lifting, me drifting
Unwanted awake
Messy and cruel
A spiteful mistake

I hurt you, my God
Take me this way
Drain me and shame me
In fragile remains
Too late
Day breaks
Me, the monster and you
In fragile remains
Too late
Day breaks
In fragile remains
